

This practical manual provides thorough explanations and step-by-step guidance for 34 procedures that can be performed in less than an hour in a standing sedated patient without the use of special equipment. Three-dimensional, anatomical line drawings, high-quality photographs, and a companion DVD visually demonstrate key concepts and techniques. This well-illustrated resource features more than 65 3-D anatomical line drawings and over 100 high quality photographs that visually clarify important concepts and procedures. Includes thorough explanations and step-by-step guidance for 34 procedures with information on surgical indications, equipment needs, relevant anatomy, step-by-step outline of the procedure, drugs used and the proper dosage, and possible complications. A companion DVD features more than 30 video clips that demonstrate key procedures. The DVD also includes customizable client aftercare instruction sheets.

The Insider Threat: A Pike Logan Thriller, Complex Systems, Amazing Pictures and Facts About Mummies: The Most Amazing Fact Book for Kids About Mummies, The Business Chef, Discovering Canadian Pioneers (Discovery series), El nacimiento de la clinica (Spanish Edition), Chaos, Information Processing and Paradoxical Games: The Legacy of John S Nicolis, The Haunted Hamburger and Other Ghostly Stories, Healthy Ageing: Nursing Older People, 1e, DRAGON CENTRAL: Introducing Green Flash,
