

# Last Rites: Four Present-Day Adventures for Call of Cthulhu (Call of Cthulhu Roleplaying Game)

Four challenging horrors for today. A book of wretched poetry, an incautious summoning, a Satanic coven, and a house with a suspicious history are the basic ingredients. Useful as stand-alone adventures, or for a change of pace when inserted into an ongoing campaign. Though suitable for beginning player characters, these adventures are dangerous, and incautious beginners will come to regret rash decisions.
