A new magic is stirring in the NEW YORK TIMES bestselling Last Dragon Chronicles! Five years have passed since David Rain, now a bestselling author, disappeared mysteriously in the Arctic. Slowly the ice is changing; bears are starving; dragons are rising; and the spirit Gaia, goddess of the Earth, grows restless. But all living things may suffer if she takes action. As the weather grows wilder and the ice caps melt, all eyes turn from the north to David's daughter, Alexa. She is the key to stopping it...
